

LEGEND

- Administrative boundaries**
- State border
 - Decentralised administration border
 - Region (R.) border
 - Municipality (M.) border

- Total annual cooling energy demand by local/municipal commune**
- More than 5.0 GWh
 - 2.6 GWh - 5.0 GWh
 - 1.1 GWh - 2.5 GWh
 - 0.6 GWh - 1.0 GWh
 - 0.2 GWh - 0.5 GWh
 - Less than 0.1 GWh

- Annual cooling energy demand by municipality and building use (GWh)**
- Residential buildings annual cooling energy demand (GWh)
 - Non residential buildings annual cooling energy demand (GWh)

NESTORIO M.
 Res: 1.1 GWh
 Non res: 0.1 GWh
 Total: 1.2 GWh

- Municipality name
- Residential buildings cooling energy demand (GWh)
- Non residential buildings cooling energy demand (GWh)
- Total cooling energy demand (GWh)

Note: Heating - cooling energy demand allocation in the region of Dytiki Makedonia was estimated using dwellings, building use and resident population data of the 2011 Population Census, provided by the Hellenic Statistical Authority (EL.STAT.).
